EXPERIENCE

IDYLL | FRONT-END DEVELOPER (REACT)

Delhi | Dec 2022 – Present

- Leveraged **ReactJS**, **React Router DOM** and **Styled Components** to develop and enhance front-end components at Idyll.
- Spearheaded the development efforts as a Front-End Developer, resulting in the creation of a highly engaging and user-friendly platform at Idyll.
- Significantly improved user experience, boosting app engagement as a Front-End Developer.

UPSKOOL | FRONT-END DEVELOPER (HTML, CSS)

Delhi | Aug 2022 – Oct 202

- Front-End Developer at Upskool, an innovative educational platform
- Played a crucial role in building and enhancing front-end components of the application
- Utilized **HTML** and **CSS**, with a primary focus on creating a visually appealing and user-friendly interface
- Leveraged the **Bulma CSS** framework to streamline and expedite development processes
- Collaborated closely with the design and UX teams to ensure seamless integration of UI elements
- Implemented **responsive design** principles to ensure a consistent user experience across various devices
- Contributed to the platform's success by consistently delivering **high-quality, pixel-perfect** front-end solutions through regular code reviews and optimizations.
- Stayed updated with the latest industry trends and best practices to continually improve skillset and stay ahead in the field.
